**DANIELSON**  
Monday at All Hallows' church in Moosup there was a solemn high mass of requiem at the funeral of Joseph Gagnon, who was found unconscious on the state highway near that place, and who later died at the Day Kimball hospital in Putnam. Rev. Joseph E. McCarthy was celebrant of the mass. Rev. J. C. Mathieu was deacon and Rev. A. J. O'Brien, chaplain. Burial was in the Sacred Heart cemetery at Moosup. The bearers were Alfred Tetreault, Ernest Tetreault, Joseph, Charles, Leo and Frederick Gagnon, cousins of the deceased. Louis E. Kennedy was in charge of the funeral arrangements.

The autopsy confirmed the conviction of the physician that Mr. Gagnon died as the result of a hemorrhage of the lungs. One of the lungs was found to be affected with tuberculosis. When Mr. Gagnon was first found lying in the roadway it was feared that he had been struck by a passing automobile and left to his fate.

In the town court Monday George Tucker was fined \$10 and costs, amounting in all to over \$20 for operating a motor vehicle without having his license in his possession. Mr. Tucker was apprehended Saturday afternoon when the attention of Chief John McFarland was attracted to him on account of the speed at which he was driving down Main street, in the center of the business section. When Chief McFarland asked to see Mr. Tucker's operator's license, the latter did not have it on his person, although he is a duly registered driver. Chief McFarland ordered him to appear in court Monday morning when he was fined as indicated. The speeding count was not pressed by Attorney A. G. Bill, acting as prosecutor. Mr. Tucker is here installing apparatus at the central office of the S. N. E. Telephone company.

Supt. Allan Barrows of the Goodyear Mills, Inc., was elected a director of that corporation at a meeting of officials held in Akron, also was elected a director of the Williamsville Water company, which is a subsidiary controlling the water supply of the village of Goodyear.

Stories were being circulated in this territory Monday of the "advantages" being taken of bootleggers and moonshiners by persons who represent themselves as being federal officers or in a position to give lawbreakers protection from raids and arrests. In one instance a man who is alleged to be doing a bootlegging business is said to have been assessed \$100 for protection, while in another case a man who is alleged to be a bootlegger was pulled off by a man falsely representing himself to be a federal officer. The bootleggers and moonshiners seem to be in about the same state of mind as an individual who dropped \$200 in a pool game and was so unconcerned about it that a fellow player who was a stranger remarked upon the fact, whereupon the pool player explained that his money was gone and went away. "What is your business?" inquired the stranger. "Woodchopper," said the loser.

In observing his 11th anniversary, Col. Walter Anderson camp, Sons of Veterans, presented the following program for the entertainment of its guests, including Thomas G. Leonard, camp S. of V. of Woodland, R. L. George, Angel, commander, and the families of the local members: Musical selections by Ballouville orchestra; recitation, Alma Wayne; piano solo, Mrs. E. J. O'Brien; recitation, DeForest Wells; piano solo, Mildred Keane; recitation, DeForest Wells; history of the camp, E. C. Gagnon; recitation, DeForest Wells; addresses were made by members of Woodland camp. About 75 were present.

Attention is again directed to the effort to have Anna Maria Matiff of Brooklyn removed as guardian of the Geiser child, daughter of Mrs. Anna Gordon of Putnam, through the filing of a declaration by the state of the superior court on a demurrer argued before him some time since.

Mrs. Matiff was appointed guardian of the child in November last, some time thereafter the Geiser child disappeared from Brooklyn one afternoon while on her way home from school, and it later developed had been abducted by her mother and taken to Providence.

Connecticut officials immediately proceeded against the mother in a criminal action, resulting eventually in her being put in the care of Mrs. Matiff and the bringing of the mother here to face the charges that had been filed against her. She had been intended to charge her with kidnapping.

An appeal thereafter was taken from the decision of the probate court of Brooklyn appointing Mrs. Matiff guardian of the child and the matter brought into the superior court on the appeal.

The first ground in the appeal was that Mrs. Matiff's application for appointment as guardian was not signed by a relative of the child or by a selectman of the town of Brooklyn. The second ground set up was that Mrs. Matiff was not a person to have charge of the child. The third ground was that Mrs. Matiff was not a fit person to have charge of the child.

In his demurrer Attorney Harry E. Back, representing Mrs. Matiff, claimed and demonstrated that Mrs. Matiff's application for appointment had been signed as required by law; that at the time of her appointment as guardian Mrs. Matiff had been found by the probate court of Brooklyn to be a suitable person, and that that court had later denied an application to remove her as guardian. Mr. Back also demurred to the entire set of reasons for appeal on the ground that they did not set forth fully enough the claims therein made.

Judge Marvin sustained Attorney Back in his contentions as to the first and third reasons in the appeal, but overruled his arguments as to the second reason.

The decision will not result in the removal of Mrs. Matiff as guardian but leaves the matter still in the courts.

The Holstein-Friesian World has the following relative to a bull recently purchased at Syracuse by William S. Brown of the Shepard Hill farm at Central Village. Mr. Brown is the owner of a hotel.

The highest seven-day record bull in the second co-operative national sale at Syracuse was Hollywood Glen Alex Segis, purchased by W. S. Brown of Central Village, Conn. This bull is 20 months old and is a son of Judge Segis, a noted bull at the head of the Hollywood herd, and Mr. Stimson plans to give them the very best development possible.

The dam of the bull purchased by Mr. Brown is Glen Alex Queen De Kol, famous as the breed's only 42 lb. 2 year old, and dam of the world champion first calf 3 year old, Glen Alex Queen De Kol, a full sister to Tietje Queen De Kol, 2d, who made over 43 lbs. as a 4 year old. Her dam, Tietje Queen De Kol, made

**Mr. Packard Owner!**  
WE'VE always been mighty proud of that twin-six engine of ours—we Packard boosters. And I, personally, haven't been especially bashful and retiring in telling people about its performances.

Which makes my tale sadder! My cousin Tom from Worcester came to town last Wednesday in his 1917 Runwell Six and we drove our respective families out to Brookline to call Sunday afternoon.

Coming along to Corey Hill Tom suggested a race up the hill. I took him on with a poor attempt to hide a smile. But I had no smile to hide when we reached the top. Tom's old Runwell made it about fifty yards sooner than my comparatively new Packard.

When we reached our destination Tom told me all about it. "The simplest thing in the world," he said, "just an eight-ounce can of FAM-O poured into my gas tank before I left home. It cleared away the accumulated carbon on my way down and put new life into my engine. And now I'm getting almost 30 per cent more mileage from my gas."

I thought of the money I had spent—at my service station—having carbon removed, and knew that had been my trouble in the race up Corey Hill.

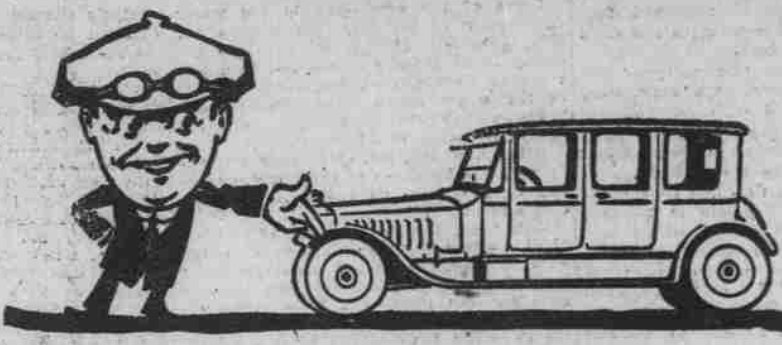

Need I say that a few days later I raced Tom again up the hill. And I almost lost sight of him he was so far in the rear. FAM-O did it! Surest thing you know! And anyhow you and I know that you can't beat a Packard motor when it's running true to form. 8 oz. \$1.00, 1 gal. \$12.00 at all dealers. GORDON MFG. Co., Foxboro, Mass.
